

Instructions

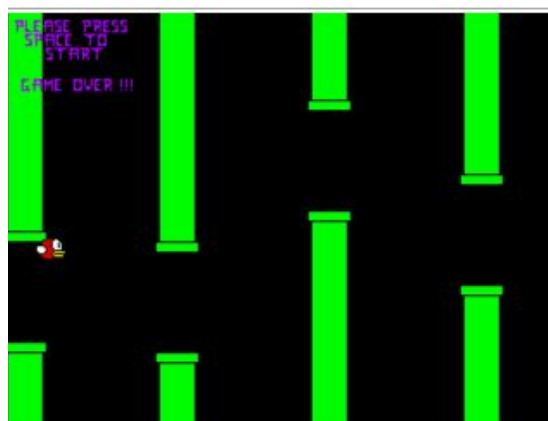

- To start the game, players need to tap the SPACE key. (ps2 keyboard control)
- Bird flaps up briefly each time the player taps the SPACE key. If SPACE is not taped, bird drops down due to gravity.

- Each pair of pipes that the bird navigates between earns the player a single point, which is displayed in HEX.
- Every time the score is increased by 5, the speed of bird will increase.

- If the bird hits the pipes, the player loses. And player can tap the SPACE key to start again.
